Skills/Job Recommender Application

The screenshot shows the IBM Cloud Watson Assistant catalog page. The main heading is "Watson Assistant" with a subtext "Watson Assistant lets you build conversational interfaces into any application, device, or channel." Below this, there are tabs for "Create" and "About". The "Create" tab is active, showing a form to select a location and a pricing plan. The location is set to "Sydney (au-syd)". The pricing plan is "Lite", which is described as "Everything you need to get started, free for as long as you need it" and "Up to 1,000 unique monthly active users (MAUs)". The pricing is listed as "Free". On the right side, there is a "Summary" section with details: "Watson Assistant", "Free", "Location: Sydney", "Plan: Lite", "Service name: Watson Assistant-jd", and "Resource group: Default". There is also a checkbox for "I have read and agree to the following license agreements:" with a link to "Terms". At the bottom, there are buttons for "Create" and "Add to estimate".

The screenshot shows the "Create your first assistant" page in the IBM Watson Assistant interface. The page has a heading "Welcome to the new Watson Assistant" and a "Next" button. Below this, there is a section titled "Create your first assistant" with a subtext "Let's get your assistant up and running. Name your assistant, add a description, and choose a language. In following steps we'll gather more information, show you basic customizations, and give you a preview of what your assistant will look like." There is a form to enter the assistant's name, with "Skill Bot" entered. Below the name field, there is a note: "Your assistant name will be kept internally and not visible to your customers". There is also a field for the description, with a placeholder "Add a description for this assistant" and a character count "0/128".
